### In a life-threatening situation, should I call local authorities or Europ Assistance USA?

In the event of a life-threatening emergency, first call the local emergency services to receive immediate assistance, and then contact Europ Assistance USA.

### I have medical insurance.

#### Why do I need travel assistance as well?

EA has the resources to help you medically and financially in case of a travel emergency. Even the best health insurance companies do not have an out of area network comparable to EA. EA's network is both domestic and international. EA monitors your medical condition to make sure you receive proper care. EA can help you find an appropriate medical facility or transport you to one of necessary. On the financial side, even if your medical insurance provides complete overseas coverage, you will most likely have to pay up front for medical services. EA can in many cases provide the necessary guarantee of payment, saving you from having to pay expenses out of pocket.
